				All CCC colors are formulated with the highest quality UV-resistant metal oxide pigments for permanent and non-fading colors. CCC colored products are Spectrophotometer tested for consistency and conformity from batch to batch.
820 Muted Green	828 Seafoam Green	815 Shadow Slate	825 Slate Green	

Colors are approximate and intended only as a general guideline. Colors shown represent as approximately as possible concrete surface conditioned and colored with PaveCrete 200, finished with a magnesium float, and sealed with two coats of A-Z Ultra Sealer. Final color and appearance will vary according to jobsite conditions, finishing technique, curing method, ambient conditions, concrete mix design, and sealer coat. Color variations and unevenness within a single pour may be expected as a result of finishing technique.
